OPEN STUDIOS

Harborough Artists Cluster invites you to meet its artists this spring during the popular Open Studios weekend. You can take a fascinating tour of the studios found in Harborough and its nearby towns and countryside villages.

Harborough Artists Cluster hosts this event every year, giving visitors the chance to meet artists, talk about their artwork and discover how it is made. You will be able to buy art directly from the person who created it, which makes for a unique and very personal gift or a special piece to enhance your home. Many of the artists offer cards and prints alongside original pieces, so there is a wide choice available to everyone.

HOW TO USE THIS GUIDE

Participating artists are listed in alphabetical order. There is a reference number for each artist shown on their information panel in the Artists pages. The numbers are found on the studio location map in the centre pages, where you can plan your route. Please check each studio's opening times before setting out.

For all queries about your visit and for car satellite navigation systems, there is an Artist Index, with contact phone numbers and a list of studio postcodes to help you plan your day.

Disclaimer: The organisers of this studio trail, shows and related events, along with participating artists cannot accept liability for any loss, damage or injury sustained by any member of the public visiting any of the venues listed. The public do so at their own risk.

Organisers advise contacting the venues first to discuss any issues of access. The organisers cannot accept any liability for any injury, loss or damage to participating artists, their property or works of art.

For more details about the artists, please visit harboroughartists.co.uk

picture framing

*With
thanks to
our main
sponsor*

For over 12 years we have been framing for artists, photographers, businesses and households throughout Harborough and the surrounding areas.

We're keen supporters of local artists and creative groups and are pleased to once again be the main sponsor of the Harborough Artists Cluster.

We see a huge array of art pass through our Market Harborough workshops and are constantly amazed at the quality and range of pieces produced by the artists of our local area.

What is a shame is that so much of this work goes unseen, so we welcome any opportunity for artists to showcase their work and we're happy to support such initiatives.

It's probably generally accepted that most art benefits from an appropriate quality frame and we're always delighted to see pieces transformed when they're beautifully mounted and finished.

We're also in the lucky position of being asked to create prints from artists' originals and that too is a great pleasure to see the finished results.

If you've not been in to see us, then please do. Artist or not, you'll be made most welcome.

More about Harborough Artists Cluster

Harborough Artists Cluster is a group of working artists active in Harborough and its neighbouring towns and villages. It is an informal group which evolves year on year but averages 30 artists at any given time. Members meet regularly to plan events, share ideas, encouragement and inspiration.

Many of the artists offer workshops and tuition for groups and individuals throughout the year. If you would like to take up a new challenge or just find out more, please ask the artists when you visit them; they will have all the information to hand and will be happy to advise you.

The HAC offers regular events throughout the year, including Open Studios, Art Windows and exhibitions in a variety of venues. HAC have work displayed in three town cafés now; *Casa Nostra* on Adam & Eve Street, *Blend* and *New Horizons* both on Manor Walk. Call in and treat yourself to a relaxing coffee and enjoy the art!
